

LOCATION

Calabria (where my grandparents are from),
open space, nature, small village.

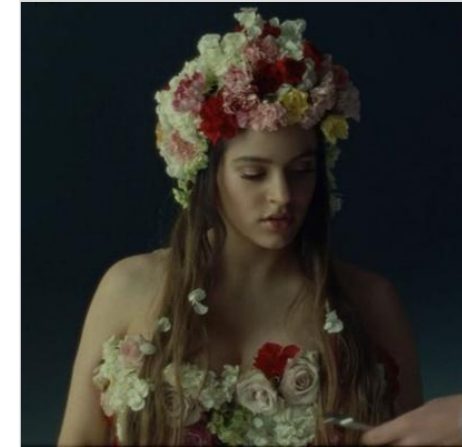

ORIGINAL IDEA

I want to be an hypnotic character that
narrates a story, almost reminding you of
medieval cantors in village squares.

[see analysis of composition and songwriting](#)

AESTHETIC

*Elegant, hypnotic, gender neutral, elevated,
cinematic*

Some useful questions?

- Do I see myself in the video?
- what is the first image or idea that comes to mind when you listen to the song?
- what is the message you're trying to convey?
- who could help me putting this vision together?
- what music videos do I like?

How to find your team?

- don't think small, always think big and scale your ideas down according to your resources and budget
- have a look around you before you reach out to people you don't know. You might be surrounded by more creative people than you think
- team up with people that will have a final vision of the project by having a look at your mood board
- be flexible and justify your input if you fell strong about it
